Accordingly, the CEOs shall ensure the following:-

- a. No family is broken and all the registered family members are kept in the same section and at the same place,
- b. Proper formation and reorganization of sections and parts reflecting correct house numbers, whenever required, would be done through ERO-Net using GIS.
- c. Location of polling stations on ground floor would also be ensured by using ERO-Net.
- d. The electors of so merged/attached in polling stations are not required to travel for more than two kilometer distance and to cross any natural barriers.
- e. Removal of Multiple entries/Dead electors/Permanently Shifted electors through Form -7.

Soft copy of complete details of Repeat/duplicate EPIC Nos. will also be sent to respective CEOs by ERO-Net team of ECI.

4.3. Rationalization of Polling Stations and Formation of sections:

(i) The activity of Rationalization of Polling Stations is done after 100% physical verification of the polling station locations and the relevant parts of the electoral rolls. However, due to COVID-19 pandemic Commission has decided to take some precautionary measures in conducting the exercise to avoid the spread of disease. In non-poll going states instead of complete rationalization, re-organisation or re-arrangements of Polling stations can be done by undertaking Table Top exercise, taking in to consideration maximum number of electors that can be assigned to a Polling station. Physical verification may also be conducted only in those cases where it has come to notice that the building where polling station has been set up is damaged or in dilapidated condition.

(ii.) **In election going states activity of Rationalization of Polling stations by undertaking 100% physical verification of the polling station locations, shall be conducted** so that it could

be assessed as to whether the building is in proper condition or it meets the other parameters set by the Commission for smooth conduct of poll. A senior officer should be designated by the District Election Officer to perform the work of physical verification.

(iii.) Polling station be rationalized/modified as per the given schedule and before the draft publication of electoral rolls in accordance with instructions contained in Manual on Polling Station, 2016. A new Polling Station shall be created only after rationalizing the sections to the adjacent Polling Stations to the possible extent.

(iv) Other objectives of rationalization of polling stations are to group all the family members and neighbors in a section and maintain uniformity of addresses in ER and EPICs.

(v) For proper formation of Sections the following units may be formed:—

- a) Nuclear/Immediate family (Husband, Wife and eligible children)
- b) Joint Family/Household (Group of several nuclear families related to each other and living at the same place)
- c) Door /Flat No.
- d) Building/Block/Tower consisting of a no. of doors/flats.

The fields marked with (*) should be mandatorily mentioned in the electors details, while the remaining fields may be taken as optional fields and be included wherever necessary (like in urban areas). The CEO/DEO may include the other fields in the mandatory category as prevalent in the State/District. Where no House no. as given by the Panchayat/Municipal Authorities is available, the notional number will be given in the roll. In such case, it will be invariably indicated that the House no. is notional. The mandatory address fields will be mentioned in the electoral roll and the same will be reflected as it is in the EPIC of the elector.

(v) The electors will be arranged in the roll in sequence, according to the House no. (and Floor no. of the building).

(vi) While creating a new polling station or re-organizing the existing polling stations by creating/merging/ attaching sections to the adjacent polling stations, the fulfillment of following conditions should be ensured:

(b) The ERO shall login and do table top verification on his computer monitor through image comparison of each of the probable DSEs. He shall sort out such entries and put them into 3 buckets –‘match/positive’, ‘not match/negative’ and ‘doubtful’.

(c) In respect of probable DSEs where more than one ERO are involved, all the concerned EROs will be able to see the entries relating to their AC as well as the entries repeating in other ACs and the EROs in consultation with each other have to decide as to in which bucket the said DSE should be kept.

(d) The ‘not match/negative’ entries shall be flagged in the database/UNPER and in future, they will no longer be treated as DSE. For the ‘match/positive’ and ‘doubtful’ cases field verification shall be done through BLO checklist and, necessary action will be taken by ERO.

(e) In the cases of ‘verified positive DSEs and Multiple Entries, found after BLO field verification through checklists, name of the elector shall be deleted from where he is not residing after obtaining Form-7 from him. The reference number of such Form-7 shall be entered into ERO-Net. (f) Deletion process of DSEs/Multiple Entries within one part/AC under one ERO and across parts/ACs involving more than one ERO : –

- If the probable DSEs/Multiple Entries relate to ‘within part’ or ‘within AC’, necessary action shall be taken by the concerned ERO.
- In case of probable DSEs/Multiple Entries relate to across AC in a district, DEO concerned shall coordinate with all EROs of the constituencies involved.
- Concerned DEOs shall supervise the exercise of de-duplication if the probable DSEs/Multiple Entries relate to AC across districts.
- Similarly, in case of probable DSEs/Multiple Entries relating to ACs across states, CEOs of concerned states shall have to coordinate.
- In event of difference of opinion between/among the EROs, field verification should invariably be done by each ERO and further action for deletion taken accordingly.
- There may be a chance when the BLOs of different ACs may report about finding the said person ordinary residing at the given address in his part. In such case personal hearing must be fixed by the EROs to ascertain his actual place of ordinary residence.

4.4.3 There are following **types of discrepancies in EPICs** : –

- (i) Repeat EPICs. There are two types of Repeat EPICs, which are as follows :-
 - (a.) Multiple EPIC Nos. issued to the same elector; and
 - (b.) Multiple electors with same EPIC number.
- (ii) EPICs containing more than 10 digit alpha-numeric number.

- (iii.) Same EPIC Numbers that are being used by two different states may be identified using IT tools and states concerned may be asked to follow the allotted code for generating standard EPIC numbers.
- (iv.) There is a very small percentage of electors who have not been assigned any EPIC No. in electoral roll. Such electors can be easily identified using available IT tools and EPICs may be issued to them.

5. Draft Publication: Draft publication will be done only after completion of all activities of pre-revision exercises as mentioned in schedule. The CEO will furnish the electors' information in prescribed Formats 1-8 related to draft publication of the electoral roll, along with his studied comments and explanatory memoranda to the Commission, well before draft publication.

6. Display of list of claims and objections-

6.1 As per rule 16 of the Registration of Electors Rules, 1960, ERO shall prepare lists of claims and objections in form 9,10,11 and 11A and exhibit one copy of such lists on a notice board in the his office. Besides, list of all claims and objections received should be put up on the website of CEO so that citizens are able to see the list and lodge objections with the concerned ERO. In addition to this adequate publicity should be given by CEO to the fact that list of claims and objections is available on his/her website and objections can be raised before the EROs based on this list. This should also be informed to the political parties by holding meetings with them and sending written communication to them.

6.2 List of claims and objections should be made available by ERO to all political parties on weekly basis. For this purpose, the ERO should call a meeting of all political parties on regular interval and personally handover list of claims and objections to them and obtain acknowledgment. It is to be added that the list should be incremental instead of cumulative.

7. Decisions on Claims and Objections - Decision on claims and objections should be taken only after all of the following conditions are complied with –

- (i) At least seven clear days' period has passed after list of claims and objections has been published on all of the following –

 - (d.) A personal notice has been served on the person whose name is proposed to be deleted in cases other than death cases.
- (ii) At least period of seven clear days has passed after furnishing the list of claims and objections to political parties.

8. Procedure of Deletion:

8.1 Repeat/Multiple Entries: In repeat/ multiple entries reported by individual citizens, BLAs of political parties and RWA representatives, the field verification must be done in each and every

case. Name of the elector to be deleted in electoral roll only at the place where he is not found to be ordinarily residing, after receiving Form -7 from the elector himself.

8.2 Demographically Similar Entries (DSEs), Permanently Shifted and Deceased:

Confirmed cases of DSEs, Permanently Shifted and Deceased may be removed only after Form -7 is received from the elector (in case of DSEs, Permanently Shifted) and near relative/family member (in case of deceased). Notice must be served to the concerned person for removing the entries.

8.3. Safeguards against wrongful deletions: -

Following safeguards will be used to prevent wrongful deletions of electors from electoral roll:-

- i. In case of registered death, deletion shall be made only after proper verification/production of death certificate etc.
- ii. **Provision in ERO-Net will be made available wherein all the orders of deletions passed by the AEROs/EROs shall be verified by the Dy. DEOs/ DEOs before making it available in public domain and to give effect in electoral rolls.**
- iii. To avoid wrongful deletions, deletions on the ground of death and shifting will be made only when Form- 7 is received.
- iv. While making field verification, BLOs shall give specific remarks in report on the status of shifting/death as the case may be.
- v. For deletion on the ground on shifting, either Form- 6 or Form- 7 from the concerned elector will be taken. Before addition at new place, the ERO will confirm that the elector was actually enrolled at the previous address and he bears the same name as given in Form- 6.
- vi. BLO report will be necessary for deletion.
- vii. *In all cases of proposed deletions through Form-7, notice except death cases must be issued to the elector concerned and must be duly served on him. In cases where the elector is not found living at the address in the electoral roll due service of notice must be done by affixation on the wall in the presence of at least two witnesses whose signatures should be obtained on a copy of notice and kept in the file by the Electoral Registration Officer so as to ensure that provisions of rule 21A of the Registration of Electors Rules, 1960 for giving reasonable opportunity of hearing to the person concerned are duly complied with. Only in the case of death, a death certificate or statement of relatives, friends or neighbours can be accepted in lieu of the proof of due service of notice.*
- viii. All deletions except those done on the ground of death should be verified by an officer not below the rank of Tehsildar/Deputy Tehsildar before final order is passed on Form 7 and 10% of total deletion (randomly picked by system) should be verified by field visits.
- ix. All cases of deletions must be cross verified personally by Electoral Registration Officer if they fall in any of the following category:-

- a) Deletions in polling stations where the number of deletions exceed 2% of the total electors in the voters' list of the polling stations.
- b) Deletions where the same person is the objector in more than 5 cases.
- x. Cases of deletions other than those made on the ground of death should be cross verified by Supervisors, AEROs and EROs before passing the orders.

9. Supervision and Checks by Supervisor/AEROs/EROs: -

9.1 For the purpose of improving health of electoral roll, the Election Commission has emphasized the need of field verification by the Booth Level Officers. As per the normal practice being followed, the Electoral Registration Officer, after digitization of claims & objections received by him, deputed Booth Level Officer concerned to make field verification in connection with the claim or objection. The Booth Level Officer after on spot verification submits his report to the Electoral Registration Officer.

9.2 There is a mechanism for supervision and check for enforcing strict accountability of the work performed by the Booth Level Officers. The Supervisor who normally has 10 Booth Level Officers under his charge shall verify 5% of each of the Booth Level Officer's verification work under him.

9.3 Above the Supervisors, each Assistant Electoral Registration Officer should verify 1% of the BLO's verification work, randomly selected from different parts under him. Assistant Electoral Registration Officer shall field check households with more than 10 electors; abnormal gender ratio, and the first 20 polling stations with highest number of additions or deletions, under his charge. Assistant Electoral Registration Officer should also separately field check 1% of the additions and deletions, giving focus on such part of electoral rolls where proposed addition of electors is 4% over previous electoral roll. Both, accepted as well as rejected cases, should also be checked in those cases.

9.4 Electoral Registration Officer shall test check the quality of disposal of claims & objections by his Assistant Electoral Registration Officers. He shall check 10% of the Forms disposed by Assistant Electoral Registration Officers. Field verification should be carried out where felt necessary. Electoral Registration Officer shall hold regular monitoring meetings with Assistant Electoral Registration Officers, Supervisors and Booth Level Officers and ensure that the work is not being done in perfunctory manner. Delinquent officials should be taken to task and corrective measures taken swiftly because ultimately the accountability stops with Electoral Registration Officer and the Electoral Registration Officer is responsible for delivering an error free roll.

10. Super-checking by Dy. DEO/DEO/ Roll Observer/CEO:-

10.1 After passing the orders by AERO/ERO, super-checking of verified entries will be done by the Dy. DEO, DEO, Roll Observers and CEO for specific number of entries as randomly selected by ERO-Net. The number of entries to be verified by Dy. DEO, DEO, Roll Observers and CEO are as under:-

- i. *Verification of 100 entries (40 additions+ 40 deletions + 20 modifications) in the District by Dy. DEO. Out of these 100 entries, field verification must be done in a minimum 10 entries. The entries to be verified by the Dy. DEO by table top exercise as well as field verification will invariably include the entries already verified by Supervisors, AERO and ERO.*
- ii. *Verification of 50 entries (20 additions+ 20 deletions + 10 modifications) in the District by DEO. Out of these 50 entries, field verification must be done in a minimum 5 entries. The entries to be verified by the DEO by table top exercise as well as field verification will invariably include the entries already verified by AERO, ERO and Dy. DEO.*
- iii. *Verification of 50 entries each (20 additions+ 20 deletions + 10 modifications) in the assigned Districts by Roll Observer. Out of these 50 entries, field verification must be done in a minimum 5 entries. The entries to be verified by the Roll observer by table top exercise as well as field verification will invariably include the entries already verified by AERO, ERO, Dy. DEO and DEO.*
- iv. *Verification of 500 entries (200 additions+ 200 deletions + 100 modifications) in the state by the CEO. Out of these 500 entries, field verification must be done in a minimum 25 entries. The entries to be verified by the CEO by table top exercise as well as field verification will invariably include the entries already verified by Dy. DEO, DEO and Roll Observer.*

10.2 In case of lapse on the part of any electoral officer responsibility shall be fixed within 7 days.

10.3 For application for fresh registration from applicants above 21 year, declaration or EPIC number will be collected invariably.

11. Flagging of marked electors viz. MP/MLA/MLC, holders of declared offices and personalities from fields of arts, culture, journalism, sports, members of judiciary and public services etc.:

Electoral Registration Officers shall ensure that the names of all Members of Parliament and the State Legislatures, holders of declared offices, personalities from fields of arts, culture, journalism, sports, members of judiciary and public services are there in the proposed draft

electoral roll. To avoid wrongful deletions of the names of such electors in future appropriate flagging should be done in the electoral database.

12. Flagging of Persons with Disabilities (PwDs) in Electoral Database: As Form-6 for enrolment in electoral roll has an optional field for giving information about disabilities, the Commission has directed that all the cases of PwDs electors who have given such information in Form 6 should be flagged in the electoral database along with category of disability so that they can be provided necessary facilities at the polling station at the time of poll. It is made amply clear that such information of disability should not be reflected in electoral roll in any way. Chief Electoral Officer concerned should rope in the concerned department in the State dealing with persons with disabilities to get their assistance in mapping Persons with Disabilities. Chief Electoral Officer, if he feels it necessary, can utilize services of BLOs during H2H visits for collection of such data of PwDs from electors, who are willing to disclose their disabilities. Weekly progress report in this regard may be sent to Secretary/Principal Secretary in charge of the State to review the weekly progress.

13. The Chief Electoral Officer may also designate his own team or request the Election Commission to depute team for further state level checks as felt necessary. Ultimately it is for Chief Electoral Officer to seek the Election Commission's approval to publishing of rolls and for this the Chief Electoral Officer shall give a detailed report on state wide health check of the rolls in the prescribed formats (Format 1-8), deviations noticed, remedial action taken etc. The Chief Electoral Officer shall also furnish an account of the checks maintained and supervision undertaken during the roll revision process and give a certificate on his/her satisfaction on the quality of roll.

14. Monitoring on ERO-Net- EROs/ DEOs shall make weekly review of progress made during the pre-revision and the revision period on ERO-Net Dashboard. The CEO shall monitor and verify the reporting made by EROs/DEOs. It is reiterated for absolute compliance by all the concerned that ERO-Net Dash board shall be visited and verified regularly. Any lapse on part of the concerned officer shall expose him /her to disciplinary actions. The concerned Secretary/Pr. Secretary and Dy. Election Commissioner of the concerned territorial division shall also monitor the process and report the progress to the Commission fortnightly basis. They shall make field visit in the States under their charge atleast once during each of the pre-revision and revision period.

15. Observation:- In addition to Divisional Commissioners, who shall act as Electoral Roll Observers for districts comprised within their Divisions, the Commission may depute its observers/ECI officers/roll auditors to randomly check, audit and supervise the revision process. Hence, it is absolutely essential that all roll related records including reports of progress as well as

lists of the locations where field operations are in progress, should be kept up to date and made available to the observers.

16. Meeting with Political Parties and sharing of electoral rolls: (i) All DEOs and CEO shall separately call meetings of political parties and explain the schedule and seek cooperation expected of them before the date of draft publication. The draft publication should be done on the approved date with due fanfare publicity and the copies of draft rolls should be handed over to recognized political parties in public meeting in the presence of press and media. In any case, proper acknowledgement receipts from the representatives of political parties must be obtained and kept in record.

(ii) The CEO should write to all recognized national and state level political parties informing them the important points of the law and procedures of the revision and seek their cooperation in the roll revision exercise. A copy of letter issued to them may be endorsed to the Commission for record.

(iii) List of claims and objections should also be made available by ERO to all political parties on weekly basis.

(iv) Two copies of complete set of draft Electoral Rolls and Final Electoral Rolls immediately after draft and final publication respectively shall be supplied free of cost to recognized political parties in accordance with the provisions of rule 11(c) and 22 (c) of Registration of Electors Rules, 1960.(Please refer to para 25.3 of Chapter 25 of Manual on Electoral Rolls, 2016 for detailed guidelines in the matter.)

(v) CEO will request to the recognized political parties to identify and appoint Booth Level Agent (BLA) for each polling station who would be associated with BLO during revision period. The BLOs will go through the draft electoral roll with BLAs of recognized political parties of State concerned and identify the corrections, etc. It is pertinent to mention that BLAs once appointed from a recognized political party will continue as BLA, unless their appointment is rescinded /revoked by the political party concerned.

(vi) With a view to ensure more involvement of political parties, the Commission has allowed BLAs of a recognized political parties to file applications in bulk, subject to the condition that a BLA shall not submit more than 10 Forms to BLO at one time/in one day. If a BLA files more than 30 Applications/Forms during entire period of filing claims and objections, then the cross verification must be done by ERO/AERO themselves. Further, the BLA will also submit a list of application forms with a declaration that he has personally verified the particulars of the application forms and is satisfied that they are correct.

17. **Transparency Measures:** In order to facilitate the stakeholders and bringing more transparency in the process of electoral registration, the practice of computerization and posting of all application forms received in Forms 6, 6A, 7, 8 and 8A on the website of the CEO on a day to day basis, shall continue, in addition to putting draft electoral roll, final electoral roll, list of claims and objections on CEOs' website and sharing of the same with recognized political parties. The CEO shall extract a report on status of disposal of claims and objections received during the revision from ERO-Net and put the same on his website on weekly basis, for information of general public/citizens.

In the aforesaid mother roll (draft) of SSR, 2021, re-serialization of all the entries after removal of deleted entries and bundling the entries of family members would be done. The addition, deletion and modification supplements for SSR, 2021, however will be generated by the ERO through ERO-Net and be kept in record for future reference only.

No. starting with next Sl. No. of last entry in final roll, with all deletions & modifications be marked in last final roll as per Commission's existing instructions. No separate addition, deletion and modification lists will be printed and given to the political parties, though the EROs will generate these lists from ERO-Net and keep them for their future reference.
